Index of Authors

Alford, John A., 282.
Allen, Rex W., 563.
Andersen, A. C., 27, 217, 237, 240.

Behler, M. E., 160.
Bailey, W. S., 5.
Baisden, Louis A., 35, 170.
Bankowski, R. A., 374.
Bardhan, N. R., 286.
Barnes, L. E., 386.
Barr, F. S., 515.
Barrett, Robert B., 79.
Bell, Wilson B., 251, 381.
Benson, R. E., 470.
Bhaduri, J. L., 286.
Blackford, V. L., 521.
Blackwell, R. L., 563.
Boor, Alden K., 425.
Bornstein, S., 321.
Boucher, Wm. B., 391.
Boughton, Donald C., 274.
Bowman, George W., 274.
Brandly, C. A., 180, 584.
Brown, H. W., 613.
Brueckner, Arthur L., 147.
Bryner, J. H., 76, 634.
Burns, Kenneth F., 22.

Calhoun, M. Lois, 152, 297.
Callis, J. J., 623.
Cameron, H. S., 149.
Carman, P. E., 515.
Carter, G. R., 481.
Chakravarti, R. N., 286.
Chan, K. F., 613.
Christensen, John F., 377.
Clark, D. S., 138.
Clarkson, T. B., 515.
Cole, C. R., 536.
Cole, E. J., 511.
Colglazier, M. L., 558.
Collins, W. J., 282.
Cook, Sue R., 147.
Cunha, Raymundo G., 472.

Davis, Leonard R., 274.
Davis, R. W., 197.
Deane, Harold M., 197, 203.
Delaha, Edward C., 147.
DeMott, Thomas, 391.
Deubler, M. J., 511.
Dickson, Mary Ellen, 616.
Dickson, W. M., 91, 616.
Dillon, R. D., 69.
Dimopoullos, G. T., 623.
Dohan, F. C., 141.
Doran, David J., 401.
Dougherty, R. W., 79, 96.
Doyle, L. P., 349, 367.
Drudge, J. H., 18.
Dunlap, J. S., 91.
Dziuk, H. E., 411, 499.

Easterbrooks, H. L., 291, 493.
Eichhorn, Ervin A., 472.
Elam, G. W., 18.
Epling, G. P., 197.

Faber, John E., Jr., 164.
Faustini, Remo, 397.
Fellowes, O. N., 623.
Firch, Gladys, 332.
Florestano, H. J., 160.
Frank, A. H., 76, 634.
Fremming, B. D., 470.
Frenkel, H. S., 505.

Galton, Mildred M., 132.
Garlick, Norman L., 38.
Gebhardt, L. P., 573.
Gillespie, James H., 505.
Gleiser, C. A., 521.

Gorham, John R., 325, 571, 616.
Graves, John H., 141.
Gunter, James J., 282.
Gutierrez, Joyce C., 325.

Habermann, Robert T., 314.
Hadlow, W. J., 45.
Haire, W. C., 132.
Hall, W. J., 598.
Hammar, A. H., 57.
Hanson, R. P., 180.
Hardy, A. V., 132.
Harris, M. D., 470.
Heddleston, K. L., 598.
Helmboldt, C. F., 57, 463.
Hewitt, E. A., 576.
Hinz, Ronald W., 123, 529.
Hoag, Warren G., 251, 381.
Hoerlein, A. B., 517.
Hoerlein, B. F., 5.
Hofstad, M. S., 608.
Hollister, C. J., 391.
Holm, Louis W., 332.
Hubbell, E. J., 304.
Huddleson, I. Forest, 264.
Hudson, A. Edward A., 120.
Huebner, R. A., 391.
Hughes, R. W., 598.
Hutt, F. B., 437.

Ingalsbe, C. K., 337.

Jensen, Rue, 197, 203.
Jones, E. E., 138.
Jordan, E. M., 5.
Jungherr, E. L., 57, 463.

Kalter, S. S., 429.
Kaplan, Harold M., 342.
Kates, K. C., 105.
Kiggins, E. M., 291, 493.
Kishi, Shigeru, 71.
Kitchell, R. L., 255.
Kiuchi, Jinji, 71.
Kohn, A., 450.
Kowalczyk, T., 180.
Kraft, Mary E., 295.
Kuhn, U. S. G., III, 525.
Kummer, Mary B., 374.

Lamoreux, W. F., 627.
Larsen, Aubrey B., 35, 170.
Larsen, Austin E., 573.
Legenhausen, D. H., 598.
Lewis, A. L., 132.
Light, Llewellyn, 342.
Link, R. P., 183, 433.
Luginbuhl, R. E., 57.

Mackel, Don C., 132.
McCollum, W. H., 584.
McNutt, S. H., 269.
Marsh, Hadleigh, 418.
Martin, John E., 141.
Mata, F. O., 472.
Mayhew, C. J., 525.
Menges, Robert W., 314.

Merkal, Richard S., 35.
Meyer, Margaret E., 149.
Moll, T., 337.
Morrill, C. C., 183.
Morrison, Roger A., 308.
Morse, E. V., 269.
Moulthrop, Irvin M., 147.
Moulton, Jack E., 377.
Murphy, L. C., 304, 521.

Nachtwey, D. S., 470.
Nakamura, Junji, 71.
Nalbandov, A. V., 433.

Neher, George M., 349, 367.
Newberne, J. W., 593.
Nicholes, Paul S., 573.
Nichols, R. E., 69, 410.

O'Connor Halloran, Patricia, Part 2 of October, 1955, issue
Olson, Carl, Jr., 458, 517.
Ott, R. L., 571.
Owen, John, 282.

Peckham, M. C., 580.
Pier, A. C., 605.
Plastridge, W. N., 291, 493.
Poelma, L. J., 164.
Porter, James E., 147.
Price, K. E., 164.
Prier, J. E., 429.
Puntriano, G. O., 101.

Ram, Tulsa, 437.
Reagan, Reginald L., 147.
Reber, Elwood F., 116, 183.
Reisinger, Robert, 71.
Ristic, M., 189, 246.
Ross, F. K., 138.
Rust, J. H., 525.

Sabban, M. S., 209.
Safford, J. W., 64.
Samberg, Y., 321.
Sanders, D. A., 189, 246.
Sanger, V. L, 536.
Satriano, S. F., 57.
Sautter, J. H., 255.
Savan, Milton, 158.
Scales, J. W., 282.
Schaaf, Kermit, 627.
Schelkopf, R. L., 576.
Schneider, D. W., 269.
Schneider, Morris D., 173.
Schoettle, C. E., 183.
Schwabe, C. W., 5, 485.
Segre, D., 517.
Seibold, H. R., 5.
Sellers, A. F., 411, 499.
Sharaf, A., 15.
Shigekawa, John M., 619.
Shihata, I. M., 15.
Sikes, Dennis, 349, 367.
Simon, Joseph, 394.
Sorensen, A. M., 282.
Squicciarini, Peter J., 331.
Stockton, Jack J., 619.
Stoenner, Herbert G., 45.
Swingle, Karl F., 64, 418.
Switzer, W. P., 540.

Titkemeyer, Charles W., 152.
Tresselt, Hugh B., 425.
Trum, F. B., 525.
Tufvesson, Gunnar, 565.
Turner, J. H., 105, 558.
Tyler, M. E., 246.

Underdahl, Norman R., 123, 529, 545.

Vardaman, T. H., 170.

Walker, E., 493.
Weber, Alvin F., 255.
Whitehair, C. K., 116.
Wiggins, Earl L., 214.
Wilber, Charles G., 308.
Williams, L. F., 291, 493.
Woodward, J. M., 525.
Wyant, Z. N., 18.

Yager, R. H., 304.
Young, F., 189.
Young, George A., 123, 529, 545.
Young, R. J., 470.

Index of Subjects

A

Abortion, A Comparative Study of the Agglutinin Response in Cervicovaginal Mucus and Blood Serum to Homologous Antigens Following. Vibrio Fetus Infection in Cattle. I, 246.
Adsorption Technique, Extraction and Concentration of the Gametokinetic-Active Principle of Bovine Feces by Alcohol-Precipitation and Alumina-, 286.
Age and Pregnancy on Ovine Blood Protein Fractions, The Effect of, 91.
Age Groups, Fragility of Erythrocytes in Blood from Swine of Two, 120.
Age of Human-Type Tubercle Bacilli Cultures on the Potency of the Culture Fluids, The Influence of, 170.
Agglutination Between Vibrio Fetus and Brucella Abortus, Cross, 291.
Agglutination Test for Bovine Brucellosis, The Effect of Incubation at 56 C. on the Tube, 269.
Agglutinin Response in Cervicovaginal Mucus and Blood Serum to Homologous Antigens Following Abortion, A Comparative Study of the. Vibrio Fetus Infection in Cattle. I, 246.
Alcohol-Drip Apparatus for the Sliding Microtome, An, 331.
Alcohol-Precipitation and Alumina-Adsorption Technique, Extraction and Concentration of the Gametokinetic-Active Principle of Bovine Feces by, 286.
Alumina-Adsorption Technique, Extraction and Concentration of the Gametokinetic-Active Principle of Bovine Feces by Alcohol-Precipitation and, 286.
Amino Acids from Urea by the Genus Brucella, Synthesis of, 149.
Anaplasma Marginale, The Histochemical Nature of, 377.
Anatomy of the Integument of the Ovine Foot, The, 197.
Animals and Their Relationship to Infertility, A Survey of the Bacteria in the Reproductive Tract of Dairy, 282.
Anthelmintic Effect of Some Antimalarial Drugs, In Vitro Studies on the, 15.
Anthrax by Immunization with an Antigen Prepared in Vitro, Protection of Sheep Against, 425.
Antibiotic Blood Levels Obtained with Antibiotics in Oil Suspensions, Bovine, 391.
Antibiotics, Resistance of Calf Scour-Producing Organisms to Broad Spectrum, 515.
Antibiotics upon the Motility of Isolated Intestinal Sections of Rabbits and Swine, The Effect of, 553.
Antibody Response in Cattle Vaccinated with the Rabbit-Passaged LA Rinderpest Virus in Korea, An Investigation of, 71.
Antibody Response of Horses Following Intravenous Injection of Small Amounts of Active Japanese B Encephalitis Virus After Recent Natural Infection, 22.
Antigen Prepared in Vitro, Protection of Sheep Against Anthrax by Immunization with an, 425.
Antigens Following Abortion, A Comparative Study of the Agglutinin Response in Cervicovaginal Mucus and Blood Serum to Homologous. Vibrio Fetus Infection in Cattle. I, 246.
Antigens from Three Leptospiral Serotypes, Polysaccharide, 173.
Antihemolytic Properties, A Strain of Micrococcus Exhibiting, 605.
Antimalarial Drugs, In Vitro Studies on the Anthelmintic Effect of Some, 15.
Aqueous Humor for Early Diagnosis of Newcastle Disease, The Use of, 138.
Arthritis in Swine, Studies on. I. Experimental Erysipelas and Chronic Arthritis in Swine, 349.
Arthritis in Swine, Studies on. II. The Effects of Hormonal Therapy on Advanced Chronic Polyarthritis Experimentally Induced by Erysipelothrix Infections, 367.
Ascaris Suum Goeze 1782, The Effect of Piperazine-HCl on Migrating Larvae of, 613.
Atrophic Rhinitis, Studies on Infectious. IV. Characterization of a Pleuropneumonia-like Organism Isolated from the Nasal Cavities of Swine, 540.
Avian Histoplasmosis, Experimental, 314.
Avian Neurotropic Viruses on Young Dairy Calves, The Effects of Some, 57.

B

Bacilli Cultures on the Potency of the Culture Fluids, The Influence of Age of Human-Type Tubercle, 170.
Bacteria in the Reproductive Tract of Dairy Animals and Their Relationship to Infertility, A Survey of the, 282.
Bacterial Cells and Sonic Extracts from Bacterial Cells in Culture Mediums on the Colonial Growth of Brucella Abortus, The Effect of, 264.
Bacterial Permeation of the Gut Wall in Irradiated Burros, 525.
B-Glucuronidase and Mild Acid Hydrolysis, 17-Ketosteroids and 17-Hydroxycorticosteroids in Bovine Urine as Determined by, 332.
Biology and Pathogenicity of Eimeria Alabamensis Christensen, 1941, an Intranuclear Coccidium of Cattle, 274.
Birds, Diseases in Wild Mammals and (a bibliography published separately as Part 2 of October, 1955, issue).
Blood from Swine of Two Age Groups, Fragility of Erythrocytes in, 120.
Blood Levels Obtained with Antibiotics in Oil Suspensions, Bovine Antibiotic, 391.
Blood Phosphorus, Calcium, and Vitamin A in Range Sheep, 418.
Blood Protein Fractions, The Effect of Age and Pregnancy on Ovine, 91.
Blood Serum to Homologous Antigens Following Abortion, A Comparative Study of the Agglutinin Response in Cervicovaginal Mucus and. Vibrio Fetus Infection in Cattle. I, 246.
Body Temperature and Lymphocytes in Genetic Resistance to Salmonella Pullorum in the Fowl, The Relative Importance of, 437.
Bovine Antibiotic Blood Levels Obtained with Antibiotics in Oil Suspensions, 391.
Bovine Brucellosis, The Effect of Incubation at 56 C. on the Tube Agglutination Test for, 269.
Bovine Feces by Alcohol-Precipitation and Alumina-Adsorption Technique, Extraction and Concentration of the Gametokinetic-Active Principle of, 286.
Bovine Liver, The Pathogenesis of Telangiectasis in the. I. The Incidence of Telangiectasis, 27.
II. Histopathological and Microbiological Studies, 217.
III. Experimental Telangiectasis, 237.
IV. Discussion and Summary, 240.
Bovine Mastitis, Oxytetracycline in. I. Treatment of Mastitis, 386.
Bovine Papilloma Virus with Serums from Cattle and Horses with Experimental Papillomas, Neutralization of 517.
Bovine Stomach, Physiological Studies of the Vagal Nerve Supply to the. I. Comparison of Responses in Milk-Fed and Roughage-Fed Calves, Using a Chronic Intrathoracic Vagal Electrode Technique, 411.
Bovine Stomach, Physiological Studies of the Vagal Nerve Supply to the. II. Studies on the Eructation Mechanism in Adult Cattle, 499.
Bovine Urine as Determined by B.-Glucuronidase and Mild Acid Hydrolysis, 17-Ketosteroids and 17-Hydroxycorticosteroids in, 332.
Brucella Abortus, Cross Agglutination Between Vibrio Fetus and, 291.
Brucella Abortus, Strain 19, by Penicillin Tolerance, The Identification of, 295.
Brucella Abortus, The Effect of Bacterial Cells and Sonic Extracts from Bacterial Cells in Culture Mediums on the Colonial Growth of, 264.
Brucella, Synthesis of Amino Acids from Urea by the Genus, 149.
Brucellosis, The Effect of Incubation at 56 C. on the Tube Agglutination Test for Bovine, 269.
Burros, Bacterial Permeation of the Gut Wall in Irradiated, 525.

C

Calcium, and Vitamin A in Range Sheep, Blood Phosphorus, 418.
Calf Scour-Producing Organisms to Broad Spectrum Antibiotics, Resistance of, 515.

Calf, The Enteric Distribution of 5-Hydroxytryptamine (Enteramine, Serotonin) in Some Large Domestic Mammals and the Appearance of 5-Hydroxytryptamine and the Enterochromaffin Cell System in the Embryonic, 397.
Calves, Plasma and Milk Tocopherol Levels of Cows Compared with the Plasma and Milk Tocopherol Levels of Their Foster, 64.
Calves, The Course of Infection and Pathogenic Effect of Trichostrongylus Axei in, 401.
Calves, The Effects of Some Avian Neurotropic Viruses on Young Dairy, 57.
Calves, The Pathogenicity of Certain Strains of Escherichia Coli for Young Mice and, 337.
Calves, Using a Chronic Intrathoracic Vagal Electrode Technique, Comparison of Responses in Milk-Fed and Roughage-Fed. Physiological Studies of the Vagal Nerve Supply to the Bovine Stomach. I, 411.
Canine Hepatitis, Serological Methods for Determining Resistance to Infectious, 429.
Capon's Comb, Local Inhibition by Estrone of Testosterone-Induced Growth of the, 141.
Carnivores Simulating Rabies, Distemper Complex in Wild, 463.
Cattle Against Leptospira Pomona, An Immunogenic Agent for the Protection of, 381.
Cattle and Horses with Experimental Papillomas, Neutralization of Bovine Papilloma Virus with Serums from, 517.
Cattle, Biology and Pathogenicity of Eimeria Alabamensis Christensen, 1941, an Intranuclear Coccidium of, 274.
Cattle, In Vitro Inhibition of Mixed Strains of Cryptococcus Neoformans Isolated from, 394.
Cattle, Laboratory Techniques for Isolation and Propagation of Vibrio from, 634.
Cattle, Studies on the Eructation Mechanism in Adult. Physiological Studies of the Vagal Nerve Supply to the Bovine Stomach. II, 499.
Cattle, Titration of Foot-and-Mouth Disease Virus Making Use of Surviving Tongue Epithelium from Vaccinated. Research on Foot-and-Mouth Disease. VIII, 505.
Cattle Vaccinated with the Rabbit-Passaged LA Rinderpest Virus in Korea, An Investigation of Antibody Response in, 71.
Cattle, Vibric Fetus Infection in. I. A Comparative Study of the Agglutinin Response in Cervicovaginal Mucus and Blood Serum to Homologous Antigens Following Abortion, 246.
Cells and Sonic Extracts from Bacterial Cells in Culture Mediums on the Colonial Growth of Brucella Abortus, The Effect of Bacterial, 264.
Cells, Strain HeLa, Propagation of Venezuelan Equine Encephalomyelitis Virus in Cultures of Human Malignant Epithelial, 304.
Cells, Study of the Properties of the Virus of Venezuelan Equine Encephalomyelitis Modified by in Vitro Cultivation in HeLa, 521.
Cervicovaginal Mucus and Blood Serum to Homologous Antigens Following Abortion, A Comparative Study of the Agglutinin Response in. Vibrio Fetus Infection in Cattle. I, 246.
Chemicals Used in Control and Treatment of Disease in Fish and Frogs Caused by Pseudomonas Hydrophila, Evaluation of, 342.
Chemotherapeutic Properties of Erythromycin Alone and in Combination with Sulfamerazine, 160.
Chicken, pH Values and Enzymatic Activity of the Digestive Tract of the, 576.
Chickens Caused by Hemophilus Gallinarum, The Therapeutic Effect of Streptomycin on Infectious Coryza of. III. In Vitro and in Vivo Sensitivity of Hemophilus Gallinarum to Streptomycin, 321.
Chickens Following the Use of Three Different Types of Inactivated Newcastle Disease Vaccine, The Immune Response in, 608.
Chickens, Xanthomatosis in, 580.
Chicks, Effect of Desoxycorticosterone on Young, 433.
Chicks, Quantitative Aspects of Newcastle Disease Virus Infection—Effect of Route of Infection on the Susceptibility of, 450.
Cholera, A New Species of Pasteurella Encountered in Chronic Fowl. Studies on Pasteurellosis. I, 598.
Cinefluorographic Studies of the Ruminant Stomach and of Eructation, 96.
Clostridium Botulinum, Type C, Successful Immunization of Mink with a Toxoid Against, 573.
Coccidium of Cattle, Biology and Pathogenicity of Eimeria Alabamensis Christensen, 1941, an Intranuclear, 274.
Colloidal Approach, Further Research on the Prevention of Kidney Stones in Sheep from the, 101.
Comb, Local Inhibition by Estrone of Testosterone-Induced Growth of the Capon's, 141.
Complement Fixation, Vesicular Stomatitis and Vesicular Exanthema Differentiation by, 374.
Conception Rate in Sheep, Effect of Phenothiazine on, 563.
Contagious Foot Rot in Sheep, The Pathology of, 203.
Coryza of Chickens Caused by Hemophilus Gallinarum, The Therapeutic Effect of Streptomycin in Infectious. III. In Vitro and in Vivo Sensitivity of Hemophilus Gallinarum to Streptomycin, 321.
Costal Marrow, A Cytological Study of. III. Hemograms of the Horse and Cow, 297.
Cow, Hemograms of the Horse and. A Cytological Study of Costal Marrow. III, 297.
Cow, The Identity and Characterization of the Smallest Lobule Unit in the Udder of the Dairy. Mammary Gland Studies. I, 255.
Cows Compared with the Plasma Tocopherol Levels of Their Foster Calves, Plasma and Milk Tocopherol Levels of, 64.
Cows Naturally Infected with Leptospira Pomona, Histopathological Findings in, 43.
Crytococcus Neoformans Isolated from Cattle, in Vitro Inhibition of Mixed Strains of, 394.
Culture Mediums on the Colonial Growth of Brucella Abortus, The Effect of Bacterial Cells and Sonic Extracts from Bacterial Cells in, 264.
Cultures of Human Malignant Epithelial Cells, Strain HeLa, Propagation of Venezuelan Equine Encephalomyelitis Virus in, 304.
Cultures on the Potency of the Culture Fluids, The Influence of Age of Human-Type Tubercle Bacilli, 170.
Cytological Study of Costal Marrow, A. III. Hemograms of the Horse and Cow, 297.

D

Dairy Animals and Their Relationship to Infertility, A Survey of the Bacteria in the Reproductive Tract of, 282.
Dental Fluorosis. The Teeth of the Ox in Clinical Diagnosis. IV, 38.
Desoxycorticosterone Acetate on Young Chicks, Effect of, 433.
Diagnosis of Newcastle Disease, The Use of Aqueous Humor for Early, 138.
Diagnosis, The Teeth of the Ox in Clinical. IV. Dental Fluorosis, 38.
Digestive Tract of the Chicken, pH Values and Enzymatic Activity of the, 576.
Disease in Fish and Frogs Caused by Pseudomonas Hydrophila, Evaluation of Chemicals Used in Control and Treatment of, 342.
Diseases in Wild Mammals and Birds (a bibliography published separately as Part 2 of October, 1955, issue).
Distemper Complex in Wild Carnivores Simulating Rabies, 463.
Distemper Virus, The pH Stability of the Wisconsin FXNO Strain of Egg-Adapted, 616.
Distemper Virus, The Response of Newborn and Young Ferrets to Intranasal Administration with Egg-Adapted, 571.
Distemper Virus to Suckling Mice and Hamsters, The Adaptation of, 325.
Dog, Observations on the Possible Relation of Malignant Esophageal Tumors and Spirocerca Lupi Lesions in the, 5.
Dogs According to Zepp's Method, Operation for Otitis Externa in, 565.

Domestic Animals, A Comparative Study of the Structure of the Small Intestines of, 152.
Drugs, in Vitro Studies on the Anthelmintic Effect of Some Antimalarial, 15.

E

Egg-Aadapted Distemper Virus, The pH Stability of the Wisconsin FXNO Strain of, 616.
Egg-Adapted Distemper Virus, The Response of Newborn and Young Ferrets to Intranasal Administration with, 571.
Egypt Using a Desiccated Live Virus Vaccine, Sheep Pox and Its Control in, 209.
Eimeria Alabamensis Christensen, 1941, an Intranuclear Coccidium of Cattle, Biology and Pathogenicity of, 274.
Electron Microscopic Studies of Laryngotracheitis Virus, 147.
Embryonic Calf, The Enteric Distribution of 5-Hydroxytryptamine (Enteramine, Serotonin) in Some Large Domestic Mammals and the Appearance of 5-Hydroxytryptamine and the Enterochromaffin Cell System in the, 397.
Encephalitis Virus After Recent Natural Infection, Antibody Response of Horses Following Intravenous Injection of Small Amounts of Active Japanese B, 22.
Encephalomyelitis Modified by in Vitro Cultivation in HeLa Cells, Study of the Properties of the Virus of Venezuelan Equine, 521.
Encephalomyelitis Virus in Cultures of Human Malignant Epithelial Cells, Strain HeLA, Propagation of Venezuelan Equine, 304.
(Enteramine, Serotonin) in Some Large Domestic Mammals and the Appearance of 5-Hydroxytryptamine and the Enterochromaffin Cell System in the Embryonic Calf, The Enteric Distribution of 5-Hydroxytryptamine, 397.
Enterochromaffin Cell System in the Embryonic Calf, The Enteric Distribution of 5-Hydroxytryptamine (Enteramine, Serotonin) in Some Large Domestic Mammals and the Appearance of 5-Hydroxytryptamine and the, 397.
Enzymatic Activity of the Digestive Tract of the Chicken, pH Values and, 576.
Epithelial Cells, Strain HeLA, Propagation of Venezuelan Equine Encephalomyelitis Virus in Cultures of Human Malignant, 304.
Epithelium from Vaccinated Cattle, Titration of Foot-and-Mouth Disease Virus Making Use of Surviving Tongue. Research on Foot-and-Mouth Disease. VIII, 505.
Equine Encephalomyelitis Modified by in Vitro Cultivation in HeLa Cells, Study of the Properties of the Virus of Venezuelan, 521.
Equine Encephalomyelitis Virus in Cultures of Human Malignant Epithelial Cells, Strain HeLa, Propagation of Venezuelan, 304.
Eructation, Cinefluorographic Studies of the Ruminant Stomach and of, 96.
Eructation Mechanism in Adult Cattle, Studies on the. Physiological Studies of the Vagal Nerve Supply to the Bovine Stomach. II, 499.
Erysipelas and Chronic Arthritis in Swine, Experimental. Studies on Arthritis in Swine. I, 349.
Erysipelothrix Infections, The Effects of Hormonal Therapy on Advanced Chronic Polyarthritis Experimentally Induced by. Studies on Arthritis in Swine. II, 367.
Erysipelothrix Rhusiopathiae, A Suitable Basal Medium for Evaluation of the Fermentative Capacity of, 636.
Erythrocytes in Blood from Swine of Two Age Groups, Fragility of, 120.
Erythromycin Alone and in Combination with Sulfamerazine, Chemotherapeutic Properties of, 160.
Escherichia Coli for Young Mice and Calves, The Pathogenicity of Certain Strains of, 337.
Esophageal Tumors and Spirocerca Lupi Lesions in the Dog, Observations on the Possible Relation of Malignant, 5.
Estrone of Testosterone-Induced Growth of the Capon's Comb, Local Inhibition by, 141.
Ethylene Oxide on Foot-and-Mouth Disease Virus, The Sterilizing Action of Gaseous, 158.
Ewes, The Effect of Vibriosis upon Subsequent Reproduction in Range, 214.
Experimental Erysipelas and Chronic Arthritis in Swine. Studies on Arthritis in Swine. I, 349.

F

Feces by Alcohol-Precipitation and Alumina-Adsorption Technique, Extraction and Concentration of the Gametokinetic-Active Principle of Bovine, 286.
Ferrets, Infectivity and Pathogenicity of Vesicular Stomatitis Virus for, 180.
Ferrets to Intranasal Administration with Egg-Adapted Distemper Virus, The Response of Newborn and Young, 571.
Fish and Frogs Caused by Pseudomonas Hydrophila, Evaluation of Chemicals Used in Control and Treatment of Disease in, 342.
5-Hydroxytryptamine (Enteramine, Serotonin) in Some Large Domestic Mammals and the Appearance of 5-Hydroxytryptamine and the Enterochromaffin Cell System in the Embryonic Calf, The Enteric Distribution of, 397.
Florida, Salmonellosis in Poultry and Poultry Processing Plants in, 132.
Fluorosis, Dental. The Teeth of the Ox in Clinical Diagnosis. IV, 38.
Foot-and-Mouth Disease and Vesicular Stomatitis Viruses by Means of Mouse Inoculation, Differentiation Between, 472.
Foot-and-Mouth Disease, Research on. VIII. Titration of Foot-and-Mouth Disease Virus Making Use of Surviving Tongue Epithelium from Vaccinated Cattle, 505.
